Supports

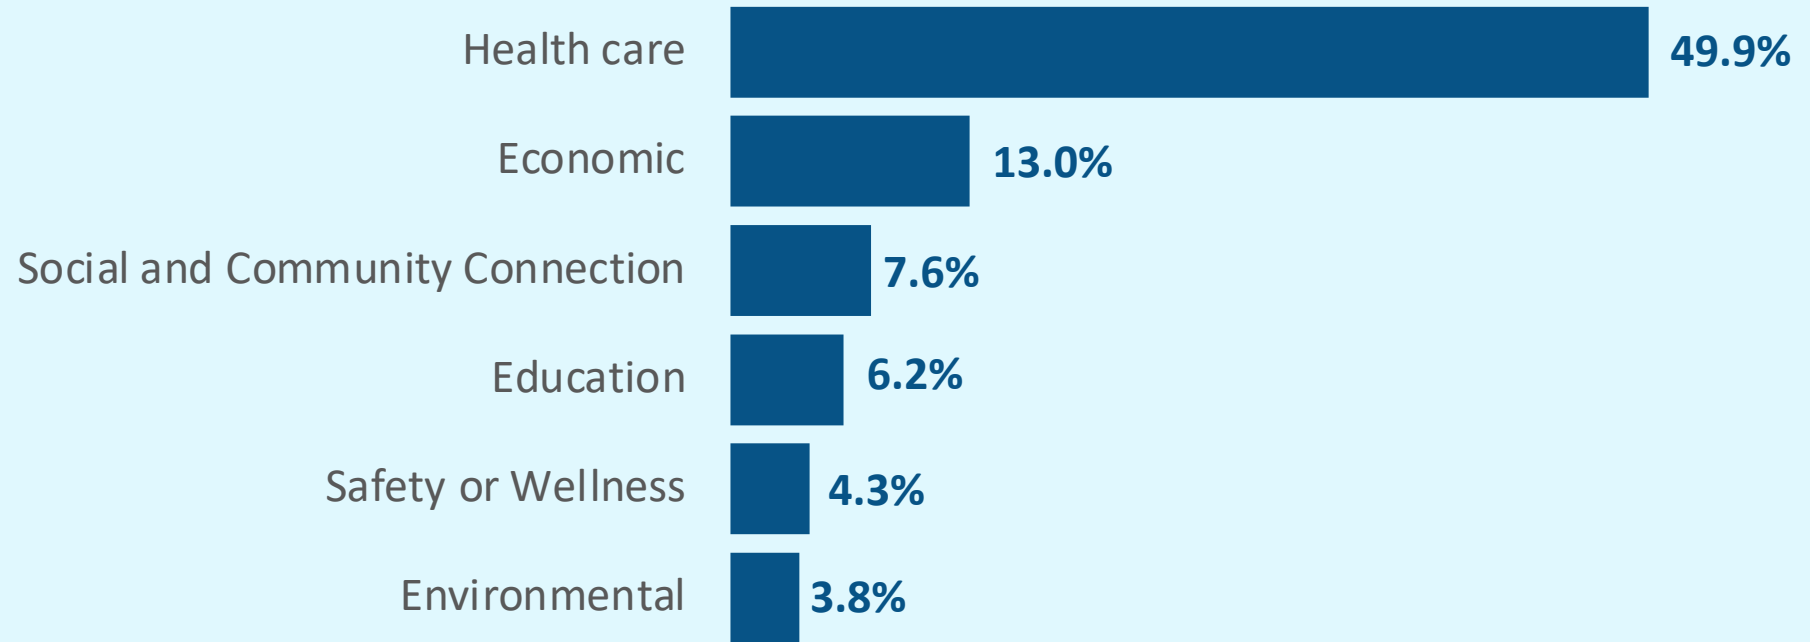

Support Examples from the Survey

- **Economic supports:** safe workplace, job stability, good paying job
- **Education supports:** childcare, good schools, school-based resources
- **Health care supports:** specialty health care, mental health care, doctors, clinics, hospitals, public health
- **Safety or wellness supports:** community, safety, housing, grocery stores, parks, transportation, internet
- **Social and community connection supports:** opportunities for involvement in public decision-making, arts and cultural centers, faith-based centers an/or organizations, summer youth camps
- **Environmental supports:** air quality, water quality, walkability, extreme heat

MOST IMPORTANT SUPPORTS RECEIVED

Reported not receiving the supports they needed.

N = 3,621

Among people that received supports, they thought they were:

Easy to get

High quality

Respectful

Affordable

The N's for each social support are the same across the four graphs.

MOST IMPORTANT SUPPORT NOT RECEIVED

Reported receiving the supports they needed.

N = 3,174

Among people who did not receive supports, they thought they were:

Not easy to get

Not affordable

Not high quality

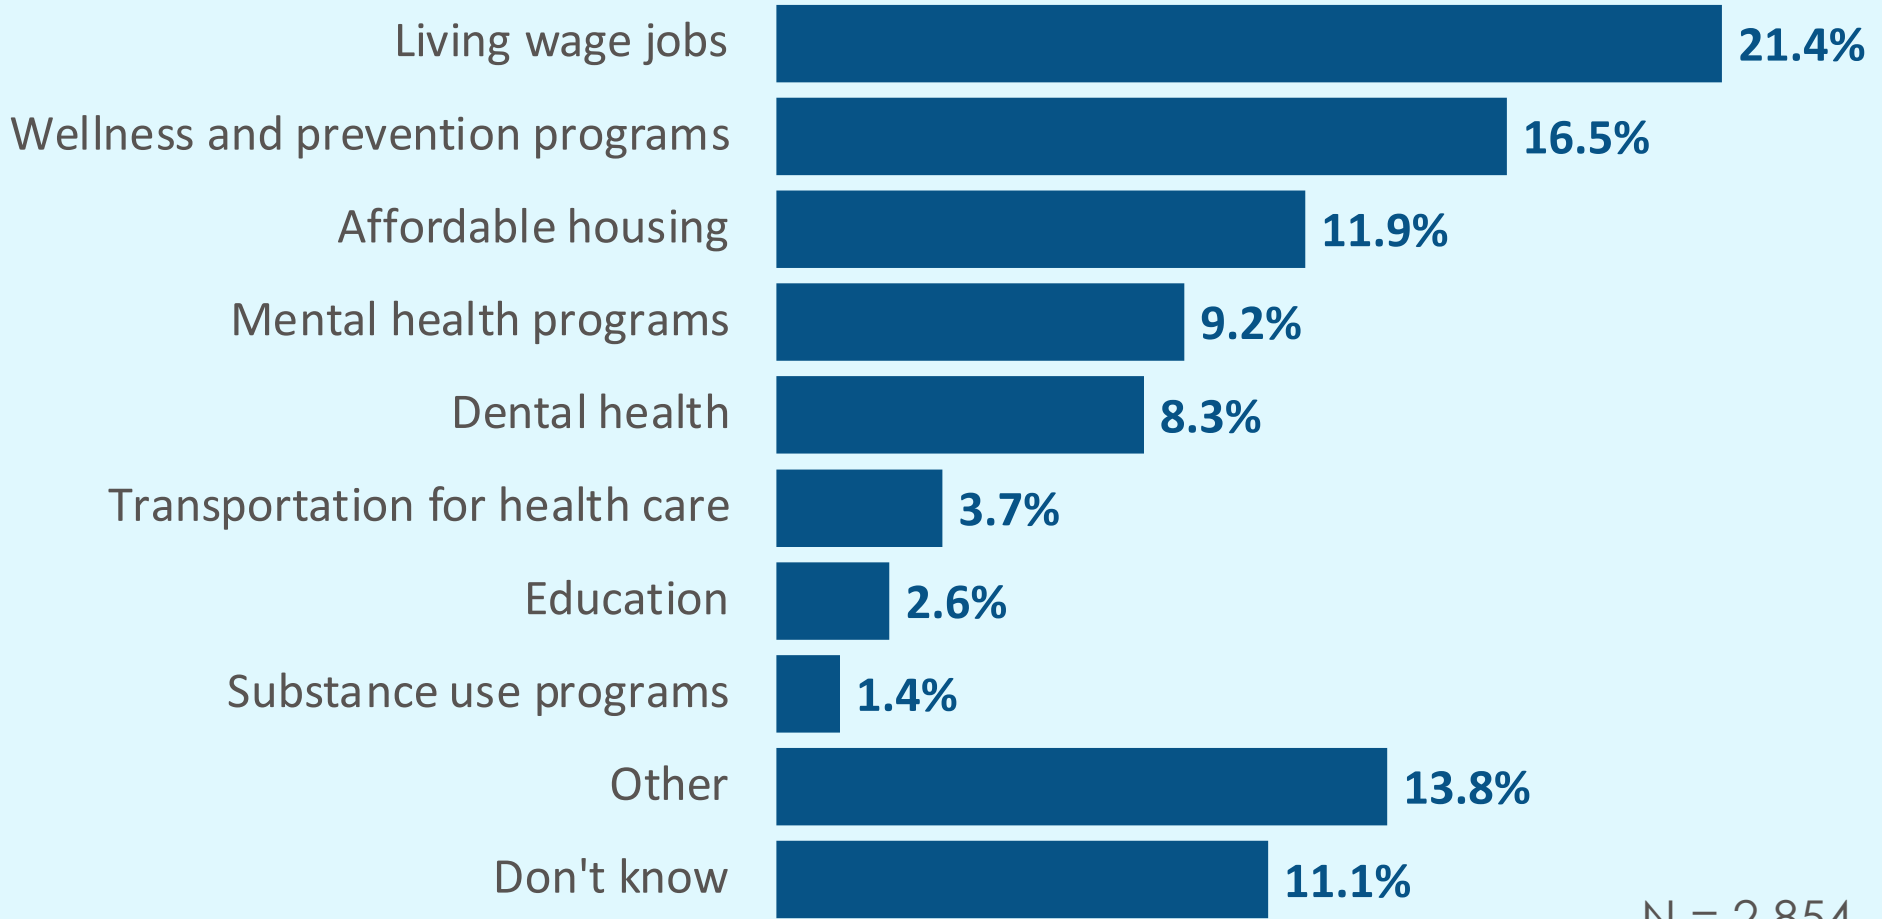

Not respectful

The N's for each social support are the same across the four graphs.

ASPECTS TO IMPROVE QUALITY OF LIFE

N = 2,854

- Native Hawaiian or Pacific Islander (50%)
- Deschutes County (56%)

*Bold indicates significantly more or less than the reference groups (majority)
Healthy = self reported very healthy, healthy, or somewhat healthy*

MENTAL HEALTH

52%

OF RESPONDENTS REPORTED THAT MENTAL HEALTH WAS ONE OF THE MOST IMPORTANT DISEASE CONDITIONS IN THE COMMUNITY.

Higher concern among:

- Income \geq \$75,000
 - \$75,000-\$99,999 (56%)
 - **\$100,000-\$124,999 (63%)**
 - **\geq \$125,000 (64%)**
- Deschutes County (59%)
- Two or more races (59%)
- 25-64 years old (58%)
- Non-Hispanic/Latino(a)/Latinx (57%)
- White or Caucasian (55%)
- English-only speakers (54%)
- Healthy people (53%)

Bold indicates significantly more or less than the reference groups (majority)

Healthy = self reported very healthy, healthy, or somewhat healthy

Lower concern among:

- **Klamath County (21%)**
- **85 or older (21%)**
- **Non-English speakers (22%)**
- **Black or African American (25%)**
- **18-24 years old (30%)**
- **Asian or Asian American (31%)**
- Native Hawaiian or Pacific Islander (31%)
- **American Indian or Alaska Native (34%)**
- **Crook County (35%)**
- **Hispanic/Latino(a)/Latinx (35%)**
- **Jefferson County (41%)**
- Income < \$75,000
 - < \$15,000 (48%)
 - **\$15,000-\$24,999 (42%)**
 - \$25,000-\$34,999 (46%)
 - **\$35,000-\$49,999 (41%)**
 - \$50,000-\$74,999 (51%)
- **Race not listed (42%)**
- Unhealthy people (45%)
- **People who speak English and another language (46%)**
- **65-84 years old (46%)**

OLDER ADULT HEALTH

17%

OF RESPONDENTS REPORTED THAT OLDER ADULT HEALTH WAS ONE OF THE MOST IMPORTANT DISEASE CONDITIONS IN THE COMMUNITY.

Higher concern among:

- \geq 65 years old
 - **65-84 years old (30%)**
 - **\geq 85 years old (32%)**
- Asian or Asian American (24%)
- Non-Hispanic/Latino(a)/Latinx (18%)
- White or Caucasian (18%)
- English-only speakers (18%)

Lower concern among:

- **People who speak English and another language (7%)**
- **Race not listed (8%)**
- **Two or more races (9%)**
- $<$ 65 years old
 - 18-24 years old (10%)
 - 25-64 years old (11%)
- **Hispanic/Latino(a)/Latinx (11%)**
- **Non-English speakers (13%)**
- Native Hawaiian or Pacific Islander (13%)
- American Indian or Alaska Native (14%)
- Black or African American (16%)

*Bold indicates significantly more or less than the reference groups (majority)
Healthy = self reported very healthy, healthy, or somewhat healthy*
